

Virtus Global Dividend
& Income Fund Inc.

ANNUAL REPORT

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports like this one will no longer be sent by mail, unless specifically requested from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

You may elect at any time to receive not only shareholder reports but also certain other communications from the Fund electronically, or you may elect to receive all future shareholder reports in paper free of charge. If you own your shares directly with the Fund, you may make such elections by calling the Fund at 1-866-270-7788 or, with respect to requesting electronic delivery, by visiting www.virtus.com. If you own your shares through a financial intermediary, please contact your financial intermediary to make your request and to determine whether your election will apply to all funds in which you own shares through that intermediary.

FUND DISTRIBUTIONS AND MANAGED DISTRIBUTION PLAN

The Board of Directors (“the Board,” or the “Directors”) of Virtus Global Dividend & Income Fund Inc. (“Fund”) adopted a Managed Distribution Plan (the “Plan”) which currently provides for the Fund to make a monthly distribution of \$0.113 per share. Under the terms of the Plan, the Fund seeks to maintain a consistent distribution level that may be paid in part or in full from net investment income, realized capital gains, and a return of capital, or a combination thereof.

If the Fund estimates that it has distributed more than its income and capital gains in a particular period, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund’s investment performance and should not be confused with “yield” or “income.”

To the extent that the Fund uses capital gains and/or return of capital to supplement its investment income, you should not draw any conclusions about the Fund’s investment performance from the amount of the Fund’s distributions or from the terms of the Fund’s Managed Distribution Plan.

The amounts and sources of distributions reported in Section 19(a) notices of the Investment Company Act of 1940 are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund’s investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send shareholders a Form 1099-DIV for the calendar year that tells them how to report distributions for federal income tax purposes.

The Board may amend, suspend or terminate the Managed Distribution Plan at any time, without prior notice to shareholders, if it deems such action to be in the best interest of the Fund and its shareholders.

Information on the Fund is available through the closed-end fund section on the web at www.Virtus.com. Section 19(a) notices are posted on the website at: <https://www.virtus.com/our-products/closed-end-fund-details/ZTR>.

MESSAGE TO SHAREHOLDERS

Dear Virtus Global Dividend & Income Fund Inc. Shareholder:

Enclosed is the annual report for the Virtus Global Dividend & Income Fund Inc. (ZTR) for the 11-month period from January 1, 2018 through November 30, 2018 following the change in the fund's fiscal year-end from December 31 to November 30. This report contains commentary from the portfolio management teams at Kayne Anderson Rudnick Investment Management and Newfleet Asset Management, respectively, on how the fund's equity and fixed income allocations performed during the period.

The report also includes commentary from the portfolio management team at Rampart Investment Management on the impact of the options overlay strategy on performance. In October, Rampart was appointed a subadviser to manage the options overlay strategy, and its Chief

Investment Officer, Warun Kumar, who previously managed the strategy through Newfleet, was added as a portfolio manager.

During the period, the fund's NAV return decreased 9.67%, including \$1.3560 in reinvested distributions, and its market price return decreased 16.62%. For the same period, the fund's composite benchmark, consisting of 60% Russell Developed Large Cap Index (net) and 40% Bloomberg Barclays U.S. Aggregate Bond Index, decreased 1.38%, including reinvested dividends. Performance for the composite's underlying indices over this period included a loss of 1.33% for the equity index and a loss of 1.79% for the bond index.

The fund's underperformance relative to its benchmark was reflective of the dramatic shifts in financial markets during 2018 and the impact of the options overlay strategy, which reduced the fund's NAV by 8.11% (excluding fees) for the 11-month period. As discussed in the accompanying commentary, highly unusual, sharp market swings early in 2018, and again later in the year, proved unprofitable for a series of the fund's short-dated options overlay trades. On balance, we continue to believe the options overlay strategy provides benefits to the fund over time when market volatility is more consistently in line with historical long-term levels.

On behalf of Virtus Investment Partners and our affiliated portfolio managers, I thank you for your investment. Should you have any questions or require support, the Virtus customer service team is ready to assist at 1-866-270-7788 or through the closed-end fund section of our website, www.virtus.com.

Sincerely,

George R. Aylward
President and Director
Virtus Global Dividend & Income Fund Inc.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited)
NOVEMBER 30, 2018

About the Fund:

Virtus Global Dividend & Income Fund Inc. (NYSE: ZTR) (the "Fund") has an investment policy to currently target an allocation of its investments to be a balance of approximately 60% equity and 40% fixed income securities. The Fund's investment objective is to generate total return, consisting of capital appreciation and income. *There is no guarantee that the Fund will achieve its investment objective.*

The use of leverage currently enables the Fund to borrow at short-term rates and invest at higher yields on its investments. As of November 30, 2018, the Fund's leverage consisted of \$100 million of borrowings made pursuant to a line of credit, which represented approximately 27% of the Fund's total assets.

Manager Comments – Kayne Anderson Rudnick Investment Management, LLC (KAR)

KAR manages the Fund's equity portfolio, which currently has a target allocation of 60%, utilizing its global dividend yield strategy. The following commentary is provided by the portfolio management team at KAR, and it covers the period from January 1, 2018 – November 30, 2018.

How did global equity markets perform during the Fund's fiscal period from January 1, 2018 through November 30, 2018?*

Global equity markets struggled during the 11-month fiscal period, while the U.S. market managed a modest gain in performance relative to other developed and emerging markets.

The S&P 500® Index had a strong start to the year in a continuation of the bullish run in 2017, but fell in February due to widespread concerns over inflationary pressures, as well as a market correction fueled by various investment products that had bet on volatility. The index recovered and rose steadily through the second and third quarters, driven by economic growth and earnings data that remained robust. Much of the gains were erased in October, however, when investors, spooked by rising U.S. Treasury yields and the escalating U.S.-China trade conflict, sent stocks spiraling down. The index regained its footing in November 2018, and posted a return of 5.11% for the full 11-month period.

Internationally, political uncertainty and concerns around tariffs weighed on both developed and emerging markets, leading to volatile trading throughout the fiscal period. The MSCI EAFE Index (net) fluctuated between negative and positive months, ending the 11-month period down 9.39%. The MSCI Emerging Markets Index (net) exhibited a similar pattern, and was down 12.24% for the period. The October rout in the U.S. had an outsized effect on both of these markets.

The Russell Developed Large Cap Index (net) was down 1.33% for the 11-month period, with mixed results across sectors. Three of the 11 sectors posted gains, led by health care at 11.80% and information technology at 8.57%. The weakest sectors in the index were materials at -13.77% and financials at -8.23%.

What factors affected the performance of the Fund's equity portfolio during its fiscal period?

The equity sleeve of the Fund outperformed the Russell Developed Large Cap Index (net) for the 11 months ended November 30, 2018. For the period, the equity portfolio returned 2.17% (excluding fees), while the benchmark lost -1.33%.

* The Fund changed its fiscal year to November 30 during the period.

For information regarding the indexes and certain key investment terms, see Key Investment Terms starting on page 8.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited) (Continued)
NOVEMBER 30, 2018

The portfolio's outperformance was driven primarily by strong stock selection in the financials and real estate sectors. Gains were somewhat offset by an underweight in information technology and negative stock selection in consumer discretionary.

The stocks that contributed the most to performance for the 11-month period were Spark New Zealand and GlaxoSmithKline.

- Spark has established a strong competitive position that is allowing for stable-to-growing market share. The company's pricing power also combined with good cost management to produce solid results for the period.
- GlaxoSmithKline saw strong results from its HIV and vaccines businesses, which offset weakness elsewhere. In addition, management's decision to acquire outright its existing health care joint venture with Novartis was well received by investors.

The names that detracted the most from performance were Vermilion Energy and Las Vegas Sands.

- Shares of Vermilion Energy underperformed later in the period as energy prices declined. Production targets are being met and cash flow remains strong, but results have come in somewhat below expectations and capital spending has been higher than expected.
- Shares of Las Vegas Sands were weighed down by concerns about how a slowdown in China's economy and a trade war with the U.S. will impact the company's Macau operations.

Manager Comments – Newfleet Asset Management, LLC (Newfleet)

Newfleet manages the Fund's fixed income portfolio, which has a target allocation of 40%, utilizing its multi-sector core plus strategy. The following commentary is provided by the respective portfolio management teams at Newfleet, and it covers the period from January 1, 2018 – November 30, 2018.

How did the fixed income markets perform during the Fund's fiscal period from January 1, 2018 through November 30, 2018?

The performance of sectors that are sensitive to changes in credit spreads was mixed during the 11-month fiscal period. Assets with shorter duration such as asset-backed securities outperformed on a relative basis, while assets with longer duration underperformed as interest rates increased during the period. Bonds from emerging markets countries were the largest underperformers during the period.

The 11-month period presented multiple challenges, including several bouts of elevated volatility. Market participants wrestled with periods of instability caused by geopolitical developments, trade rhetoric, mixed global economic signals, and the evolution of the various quantitative easing (QE) programs that began after the now decade-old financial crisis. During the period, oil prices were volatile, driven by the outlook for supply/demand dynamics and evolving market sentiment. U.S. economic data stayed on a positive trend, which contrasted with other global economies.

As anticipated, the Federal Reserve (the Fed) raised its target rate 0.25% on three separate occasions during the 11-month period to a range of 2.00% to 2.25%.

Over the last 11 months, yields increased across the curve, more pronounced at the front end, and overall the curve flattened.

For information regarding the indexes and certain key investment terms, see Key Investment Terms starting on page 8.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited) (Continued)
NOVEMBER 30, 2018

What factors affected the performance of the Fund's fixed income portfolio during the fiscal period?

The outperformance of shorter duration sectors relative to most fixed income spread sectors was the key driver of the portfolio's performance for the fiscal period from December 31, 2017 through November 30, 2018. For the period, the Fund's fixed income portfolio returned -2.30% (gross of fees), while the benchmark Bloomberg Barclays U.S. Aggregate Bond Index returned -1.79%.

Among fixed income sectors, the portfolio's allocations to non-agency residential mortgage-backed and asset-backed securities were the largest positive contributors to performance for the fiscal period. Issue selection within the investment grade corporate bond sector also helped performance.

During the fiscal period, the portfolio's allocations to bonds issued from emerging markets, longer duration U.S. Treasuries, and agency mortgage-backed securities were the largest detractors from performance.

Manager Comments – Rampart Investment Management Company, LLC (Rampart)

On October 15, 2018, Rampart was appointed as a subadviser to manage the Fund's existing options overlay strategy, and its Chief Investment Officer, Warun Kumar, who previously managed the Fund's options overlay strategy through Newfleet, was added as a portfolio manager. The options overlay strategy seeks to generate additional income through the purchase and sale of paired out-of-the-money puts and calls. The following commentary is provided by the respective portfolio management teams at Rampart and it covers the period from January 1, 2018 – November 30, 2018.

How did the options overlay strategy perform for the Fund during the fiscal period from January 1, 2018 through November 30, 2018?

The options overlay strategy experienced its most challenging environment since inception, losing -8.11% (excluding fees) over the period. This represented an abrupt turnaround from prior years, in which the options overlay strategy proved to be a reliable source of income for the Fund. The negative performance was driven by a discontinuous series of significant market moves, which likely represented a shift in both the risk appetite, and the risk expectations, of U.S. large cap equity investors.

The cracks in the market started to show early in 2018. The first sign that something was awry was the feverish January rally. It was the strongest January in nearly two decades, and the magnitude of the upward move was completely out of character with the methodical, upward grind that had been typical of the bull market over the prior year.

This relentless upward pressure was followed by a brutal drawdown at the beginning of February 2018. Over the course of only nine trading sessions, the S&P 500® Index declined more than 10%. In the context of the prevailing volatility environment (both realized volatility and implied volatility), this reversal was a "tail event" of a magnitude with almost no precedent.

The market experienced two more gap events, in late March and in early October. Each occurred as the market had been lulled into a sense of complacency. Anecdotally, we observed a hesitancy among market participants to embrace a new risk environment, and an expectation that the historically low volatility of 2017 had become the new normal for U.S. large cap stocks, albeit with occasional outlier events to keep traders on their toes.

For information regarding the indexes and certain key investment terms, see Key Investment Terms starting on page 8.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited) (Continued)
NOVEMBER 30, 2018

As the year came to a close, though, it became clear that the market was in a higher risk state. Daily moves in excess of 1% – nearly unheard of in 2017 – had become normal and expected. The expectation of risk is an important component of success for the options overlay strategy. When investors' and traders' risk expectations are properly calibrated, the strategy tends to run smoothly. When expectations are misaligned with the market realities, as was the case during certain periods in 2018, the strategy has struggled and, in the future, may continue to struggle.

The preceding information is the opinion of portfolio management only through the end of the period of the report as stated on the cover. Any such opinions are subject to change at any time based upon market conditions and should not be relied upon as investment advice.

The Fund's portfolio holdings are subject to change and may not be representative of the portfolio managers' current or future investments. The mention of individual securities held by the Fund is for informational purposes only and should not be construed as a recommendation to purchase or sell any securities. Investors seeking financial advice regarding the appropriateness of investing in any securities or investment strategies discussed should consult their financial professional.

Equity Securities: The market price of equity securities may be adversely affected by financial market, industry, or issuer-specific events. Focus on a particular style or on small or medium-sized companies may enhance that risk.

Credit & Interest: Debt securities are subject to various risks, the most prominent of which are credit and interest rate risk. The issuer of a debt security may fail to make interest and/or principal payments. Values of debt securities may rise or fall in response to changes in interest rates, and this risk may be enhanced with longer-term maturities.

Options Overlay: The options overlay strategy may not be successful in achieving its objective of increasing distributable income while limiting the risk of loss and, in periods of significant moves in the S&P 500® Index, has resulted and, in the future, may result in losses for investors.

Foreign Investing: Investing internationally involves additional risks such as currency, political, accounting, economic, and market risk.

High Yield / High Risk Fixed Income Securities: There is a greater level of credit risk and price volatility involved with high yield securities than investment grade securities.

ABS/MBS: Changes in interest rates can cause both extension and prepayment risks for asset- and mortgage-backed securities. These securities are also subject to risks associated with the repayment of underlying collateral.

Leveraged Loans: Loans may be unsecured or not fully collateralized, may be subject to restrictions on resale and/or trade infrequently on the secondary market. Loans can carry significant credit and call risk, can be difficult to value and have longer settlement times than other investments, which can make loans relatively illiquid at times.

Leverage: When a fund leverages its portfolio, the value of its shares may be more volatile and all other risks may be compounded.

Market Price/NAV: At the time of purchase and/or sale, an investor's shares may have a market price that is above or below the Fund's NAV, which may increase the investor's risk of loss.

Fundamental Risk of Investing: There can be no assurance that the Fund will achieve its investment objectives. An investment in the shares of the Fund is subject to loss of principal; shares may decrease in value.

For information regarding the indexes and certain key investment terms, see Key Investment Terms starting on page 8.

KEY INVESTMENT TERMS (Unaudited)
NOVEMBER 30, 2018

American Depositary Receipt (“ADR”)

Represents shares of foreign companies traded in U.S. dollars on U.S. exchanges that are held by a U.S. bank or a trust. Foreign companies use ADRs in order to make it easier for Americans to buy their shares.

Bloomberg Barclays U.S. Aggregate Bond Index

The Bloomberg Barclays U.S. Aggregate Bond Index measures the U.S. investment-grade fixed-rate bond market. The index is calculated on a total return basis. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

Federal Reserve (the “Fed”)

The Central Bank of the United States, responsible for controlling the money supply, interest rates and credit with the goal of keeping the U.S. economy and currency stable. Governed by a seven-member board, the system includes 12 regional Federal Reserve Banks, 25 branches and all national and state banks that are part of the system.

London Interbank Offered Rate (“LIBOR”)

A benchmark rate that some of the world’s leading banks charge each other for short term loans and that serves as the first step to calculating interest rates on various loans throughout the world.

MSCI EAFE® Index (net)

The MSCI EAFE® (“Europe, Australasia, Far East”) Index (net) is a free float-adjusted market capitalization-weighted index that measures developed foreign market equity performance, excluding the U.S. and Canada. The index is calculated on a total return basis with net dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

MSCI Emerging Markets Index (net)

The MSCI Emerging Markets Index (net) is a free float-adjusted market capitalization-weighted index designed to measure equity market performance in the global emerging markets. The index is calculated on a total return basis with net dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

Quantitative Easing (QE)

A government monetary policy occasionally used to increase the money supply by buying government securities or other securities from the market. Quantitative easing increases the money supply by flooding financial institutions with capital in an effort to promote increased lending and liquidity.

Russell Developed Large Cap Index (net)

The Russell Developed Large Cap Index (net) is a free-float market capitalization-weighted index constructed to provide a comprehensive and unbiased barometer for the large-cap segment in the developed world. The index is calculated on a total return basis with net dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
KEY INVESTMENT TERMS (Unaudited) (Continued)
NOVEMBER 30, 2018

S&P 500® Index

The S&P 500® Index is a free-float market capitalization-weighted index of 500 of the largest U.S. companies. The index is calculated on a total return basis with dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

Sponsored ADR

An ADR which is issued with the cooperation of the company whose stock will underlie the ADR. Sponsored ADRs generally carry the same rights normally given to stockholders, such as voting rights. ADRs must be sponsored to be able to trade on a major U.S. exchange such as the New York Stock Exchange ("NYSE").

Yield Curve

A line that plots the interest rates, at a set point in time, of bonds having equal credit quality, but differing maturity dates. The most frequently reported yield curve compares the three-month, two-year, five-year and 30-year U.S. Treasury debt. This yield curve is used as a benchmark for other debt in the market, such as mortgage rates or bank lending rates. The curve is also used to predict changes in economic output and growth.

Footnote Legend:

⁽¹⁾ Variable rate security. Rate disclosed is as of November 30, 2018. For leveraged loans, the rate shown may represent a weighted average interest rate. Information in parenthesis represents benchmark and reference rate for each security. Certain variable rate securities are

not based on a published reference rate and spread but are determined by the issuer or agent and are based on current market conditions, or, for mortgage-backed securities, are impacted by the individual mortgages which are paying off over time. These securities do not indicate a reference rate and spread in their descriptions.

⁽²⁾ Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2018, these securities amounted to a value of \$46,778 or 18.1% of net assets.

⁽³⁾ Regulation S security. Security is offered and sold outside of the United States, therefore, it is exempt from registration with the SEC under Rules 903 and 904 of the Securities Act of 1933.

⁽⁴⁾ All or a portion of the security is segregated as collateral for written options.

⁽⁵⁾ The value of this security was determined using significant unobservable inputs and is reported as a Level 3 security in the Fair Value Hierarchy table located at the end of the Schedule of Investments.

⁽⁶⁾ Interest payments may be deferred.

⁽⁷⁾ Value shown as par value.

⁽⁸⁾ Interest may be forfeited.

⁽⁹⁾ This loan will settle after November 30, 2018, at which time the interest rate, based on the LIBOR and the agreed upon spread on trade date, will be reflected.

⁽¹⁰⁾ Shares of this fund are publicly offered, and its prospectus and annual report are publicly available.

⁽¹¹⁾ All or a portion of the portfolio is segregated as collateral for borrowings.

SCHEDULE OF INVESTMENTS (Continued)
NOVEMBER 30, 2018

(\$ reported in thousands)

The following table provides a summary of inputs used to value the Fund's investments as of November 30, 2018 (See Security Valuation Note 2A in the Notes to Financial Statements):

	Total Value at November 30, 2018	Level 1 Quoted Prices	Level 2 Significant Observable Inputs	Level 3 Significant Unobservable Inputs
Debt Securities:				
Asset-Backed Securities	\$ 11,494	\$ —	\$ 11,494	\$ —
Corporate Bonds and Notes	65,484	—	65,183	301
Foreign Government Securities	2,712	—	2,712	—
Leveraged Loans	10,426	—	10,426	—
Mortgage-Backed Securities	24,393	—	24,393	—
Municipal Bonds	5,691	—	5,691	—
U.S. Government Securities	7,515	—	7,515	—
Equity Securities:				
Common Stocks	223,801	223,801	—	—
Preferred Stocks	2,542	—	2,542	—
Purchased Options	233	171	62	—
Money Market Mutual Fund	1,524	1,524	—	—
Total Investments, before Written Options	\$355,815	\$225,496	\$130,018	\$301
Liabilities:				
Written Options	\$ (1,242)	\$ (1,220)	\$ (22)	\$ —
Total Investments, net of Written Options	\$354,573	\$224,276	\$129,996	\$301

Security held by the Fund with an end of period value of \$301 was transferred from Level 2 to Level 3 due to a decrease in trading activity at period end.

Some of the Fund's investments that were categorized as Level 3 were valued utilizing third party pricing information without adjustment. Such valuations are based on unobservable inputs. A significant change in third party information could result in a significantly lower or higher value of Level 3 investments.

Management has determined that the amount of Level 3 securities compared to total net assets is not material; therefore, the rollforward of Level 3 securities and assumptions are not shown for the period ended November 30, 2018.

See Notes to Financial Statements

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
FINANCIAL HIGHLIGHTS (Continued)

(Selected per share data and ratios for a share outstanding throughout each period)

- (1) Closing Price – New York Stock Exchange.
- (2) Total return on market value is calculated assuming a purchase of common shares of the opening of the first day and sale on the closing of the last day of each period reported. Dividends and distributions are assumed, for purposes of this calculation, to be reinvested at prices obtained under the Fund's Automatic Reinvestment and Cash Purchase Plan. Total return on market value is not annualized for periods of less than one year. Brokerage commissions that a shareholder may pay are not reflected. Total return on market value does not reflect the deduction of taxes that a shareholder may pay on fund distributions or the sale of fund shares. Total return on net asset value uses the same methodology, but with use of net asset value for beginning, ending and reinvestment values.
- (3) Calculated using average shares outstanding.
- (4) Ratios of total expenses, excluding dividends and interest expense on short sales and borrowings for the fiscal periods ended, as applicable, are as follows:

Period Ended	Period Ended December 31,				
November 30, 2018	2017	2016	2015	2014	2013
1.49%	1.59%	1.37%	0.98%	0.99%	1.02%

- (5) The increase in portfolio turnover rate is due to a change in the investment adviser and the appointment of two new subadvisers associated with a strategy change on the Fund.
- (6) The Fund incurred certain non-recurring proxy and tender offer costs in 2016. When excluding these costs, the ratio of net expenses to average net assets would be 1.48%, the ratio of total expenses to average net assets would be 1.51%, and the ratio of net investment income (loss) to average net assets would be 2.18%.
- (7) The Fund incurred certain non-recurring tender offer costs in 2017. When excluding these costs the ratio of net expenses to average net assets would be 2.17%, the ratio of total expenses would be 2.27% and the ratio of net investment income (loss) to average net assets would be 3.26%.
- (8) During the period the Fund changed its fiscal year end from December 31 to November 30.
- (9) Annualized.
- (10) Not annualized.
- (11) Represents value of net assets plus the borrowings at the end of the period divided by the borrowings at the end of the period multiplied by \$1,000.

See Notes to Financial Statements

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2018

Note 1. Organization

Virtus Global Dividend & Income Fund Inc. (the “Fund”) is a closed-end, diversified management investment company registered under the Investment Company Act of 1940. The Fund was incorporated under the laws of the State of Maryland on July 21, 1988. The Fund’s investment objective is to seek total return, consisting of capital appreciation and income. *There is no guarantee that the Fund will achieve its investment objective.*

Note 2. Significant Accounting Policies

The Fund is an investment company that follows the accounting and reporting guidance of Accounting Standards Codification (“ASC”) Topic 946 applicable to Investment Companies.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates, and those differences could be significant.

A. Security Valuation

The Fund utilizes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The Fund’s policy is to recognize transfers into and out of Level 3 at the end of the reporting period.

- Level 1 – quoted prices in active markets for identical securities (security types generally include listed equities).
- Level 2 – prices determined using other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – prices determined using significant unobservable inputs (including the Valuation Committee’s own assumptions in determining the fair value of investments).

A description of the valuation techniques applied to the Fund’s major categories of assets and liabilities measured at fair value on a recurring basis is as follows:

Equity securities are valued at the official closing price (typically last sale) on the exchange on which the securities are primarily traded or, if no closing price is available, at the last bid price and are categorized as Level 1 in the hierarchy. Restricted equity securities and private placements that are illiquid, or are internally fair valued by the Valuation Committee, are generally categorized as Level 3 in the hierarchy.

Certain non-U.S. securities may be fair valued in cases where closing prices are not readily available or are deemed not reflective of readily available market prices. For example, significant events (such as movement in the U.S. securities market, or other regional and local developments) may occur between the time that non-U.S. markets close (where the security is principally traded) and the time that the Fund calculates its net asset value (“NAV”) at the close of regular trading on the New York Stock Exchange (“NYSE”) (generally 4 p.m. Eastern time) that may impact the value of securities traded

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

in these non-U.S. markets. In such cases, the Fund fair values non-U.S. securities using an independent pricing service which considers the correlation of the trading patterns of the non-U.S. security to the intraday trading in the U.S. markets for investments such as American Depositary Receipts, financial futures, exchange-traded funds and certain indexes, as well as prices for similar securities. Such fair valuations are categorized as Level 2 in the hierarchy. Because the frequency of significant events is not predictable, fair valuation of certain non-U.S. common stocks may occur on a frequent basis.

Debt securities, including restricted securities, are valued based on evaluated quotations received from independent pricing services or from dealers who make markets in such securities. For most bond types, the pricing service utilizes matrix pricing that considers one or more of the following factors: yield or price of bonds of comparable quality, coupon, maturity, current cash flows, type, and current day trade information, as well as dealer supplied prices. These valuations are generally categorized as Level 2 in the hierarchy. Structured debt instruments, such as mortgage-backed and asset-backed securities, may also incorporate collateral analysis and utilize cash flow models for valuation and are generally categorized as Level 2 in the hierarchy. Pricing services do not provide pricing for all securities and therefore indicative bids from dealers are utilized which are based on pricing models used by market makers in the security and are generally categorized as Level 2 in the hierarchy. Debt securities that are internally fair valued by the Valuation Committee are generally categorized as Level 3 in the hierarchy.

Listed derivatives, such as options, that are actively traded are valued based on quoted prices from the exchange and are categorized as Level 1 in the hierarchy. Over-the-counter derivative contracts, which include forward currency contracts and equity-linked instruments, do not require material subjectivity as pricing inputs are observed from actively quoted markets and are categorized as Level 2 in the hierarchy.

Investments in open-end mutual funds are valued at NAV. Investments in closed-end funds are valued as of the close of regular trading on the NYSE each business day. Both are categorized as Level 1 in the hierarchy.

A summary of the inputs used to value the Fund's net assets by each major security type is disclosed at the end of the Schedule of Investments for the Fund. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

B. Security Transactions and Investment Income

Security transactions are recorded on the trade date. Realized gains and losses from the sales of securities are determined on the identified cost basis. Dividend income is recognized on the ex-dividend date or, in the case of certain foreign securities, as soon as the Fund is notified. Interest income is recorded on the accrual basis. The Fund amortizes premiums and accretes discounts using the effective interest method.

Any distributions from underlying funds are recorded in accordance with the character of the distributions as designated by the underlying funds.

Dividend income from investments in real estate investment trusts ("REITs") is recorded using management's estimate of the percentage of income included in distributions received from the REIT investments based on historical information and other industry sources. Distributions received in excess of this estimated amount are recorded as a

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

C. Income Taxes

The Fund is treated as a separate taxable entity. It is the Fund's intention to comply with the requirements of Subchapter M of the Internal Revenue Code and to distribute substantially all of its taxable income to its shareholders. Therefore, no provision for federal income taxes or excise taxes has been made.

The Fund may be subject to foreign taxes on income, gains on investments or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable based upon current interpretations of the tax rules and regulations that exist in the markets in which it invests.

Management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. As of November 30, 2018, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2015 forward (with limited exceptions).

D. Dividends and Distributions to Shareholders

Distributions are recorded by the Fund on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations that may differ from U.S. GAAP.

The Fund has a Managed Distribution Plan which currently provides for the Fund to make a monthly distribution of \$0.113 per share. Distributions may represent earnings from net investment income, realized capital gains, or, if necessary, return of capital. Shareholders should not draw any conclusions about the Fund's investment performance from the terms of the Fund's Managed Distribution Plan.

E. Foreign Currency Transactions

Non-U.S. investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the foreign currency exchange rate effective at the end of the reporting period. Cost of investments is translated at the currency exchange rate effective at the trade date. The gain or loss resulting from a change in currency exchange rates between the trade and settlement date of a portfolio transaction is treated as a gain or loss on foreign currency. Likewise, the gain or loss resulting from a change in currency exchange rates between the date income is accrued and the date it is paid is treated as a gain or loss on foreign currency. The Fund does not isolate that portion of the results of operations arising from changes in foreign exchange rates on investments from the fluctuations arising from changes in the market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss on investments.

F. When-issued Purchases and Forward Commitments (Delayed Delivery)

The Fund may engage in when-issued or forward commitment transactions. Securities purchased on a when-issued or forward commitment basis are also known as delayed delivery transactions. Delayed delivery transactions involve a commitment by the Fund to purchase or sell a security at a future date (ordinarily up to 90 days later). Delayed delivery enables the Fund to lock in what is believed to be an attractive price or yield on

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

a particular security for a period of time, regardless of future changes in interest rates. The Fund records delayed delivery securities on the trade date. The Fund maintains collateral for the securities purchased. Securities purchased on a when-issued or forward commitment basis begin earning interest on the settlement date.

G. Leveraged Loans

The Fund may invest in direct debt instruments which are interests in amounts owed by a corporate, governmental, or other borrower to lenders or lending syndicates. Leveraged loans are generally non-investment grade and often involve borrowers that are highly leveraged. The Fund may invest in obligations of borrowers who are in bankruptcy proceedings. Leveraged loans are typically senior in the corporate capital structure of the borrower. A loan is often administered by a bank or other financial institution (the "lender") that acts as agent for all holders. The agent administers the terms of the loan, as specified in the leveraged loan. The Fund's investments in loans may be in the form of participations in loans or assignments of all or a portion of loans from third parties. When investing in loan participations, the Fund has the right to receive payments of principal, interest and any fees to which it is entitled only from the lender selling the loan participation and only upon receipt by the lender of payments from the borrower. The Fund generally has no right to enforce compliance with the terms of the leveraged loan with the borrower. As a result, the Fund may be subject to the credit risk of both the borrower and the lender that is selling the leveraged loan. When the Fund purchases assignments from lenders it acquires direct rights against the borrower on the loan.

The Fund may invest in multiple series or tranches of a loan, which may have varying terms and carry different associated risks. Leveraged loans may involve foreign borrowers and investments may be denominated in foreign currencies. Direct indebtedness of emerging countries involves a risk that the government entities responsible for the repayment of the debt may be unable, or unwilling, to pay the principal and interest when due.

The leveraged loans have floating rate loan interests which generally pay interest at rates that are periodically determined by reference to a base lending rate plus a premium. The base lending rates are generally London Interbank Offered Rate ("LIBOR"), the prime rate offered by one or more U.S. banks or the certificate of deposit rate. When a leveraged loan is purchased, the Fund may pay an assignment fee. On an ongoing basis, the Fund may receive a commitment fee based on the undrawn portion of the underlying line of credit portion of a leveraged loan. Prepayment penalty fees are received upon the prepayment of a leveraged loan by a borrower. Prepayment penalty, facility, commitment, consent and amendment fees are recorded to income as earned or paid.

H. Expenses

Expenses incurred together by the Fund and other affiliated open- and closed-end funds are allocated in proportion to the net assets of each such fund, except where allocation of direct expenses to each fund or an alternative allocation method can be more appropriately used.

In addition to the net annual operating expenses that the Fund bears directly, the shareholders of the Fund indirectly bear the Fund's pro-rata expenses of any underlying mutual funds in which the Fund invests.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

I. Regulation S-X

In August 2018, the Securities and Exchange Commission (“SEC”) adopted amendments to Regulation S-X which are intended to facilitate the disclosure of information to investors and simplify compliance without significantly altering the information provided to investors. The amendments include eliminating the requirement to: separately state book basis components of net assets on the Statement of Assets & Liabilities; separately state the sources of distributions paid (except tax return of capital distributions must still be separately disclosed) on the Statements of Changes in Net Assets; and state the book basis amount of undistributed net investment income on the Statements of Changes in Net Assets. Certain prior year amounts have been reclassified for consistency with the current year presentation (see footnotes on Statements of Changes in Net Assets for separate disclosure). These reclassifications has no effect on total net assets, total distributions, the statement of operations, financial highlights, net asset value or total return.

Note 3. Derivative Financial Instruments and Transactions

(\$ reported in thousands)

Disclosures about derivative instruments and hedging activities are intended to enable investors to understand how and why the Fund uses derivatives, how derivatives are accounted for, and how derivative instruments affect the Fund’s results of operations and financial position.

Summarized below are such disclosures and accounting policies for each specific type of derivative instrument used by the Fund.

A. Options contracts

An options contract provides the purchaser with the right, but not the obligation, to buy (call option) or sell (put option) a financial instrument at an agreed upon price. The Fund pursues an option income strategy whereby it purchases and sells out-of-the money puts and calls, creating an options spread designed to generate a consistent level of option cash flow which should result in additional yield. The Fund is subject to equity price risk in the normal course of pursuing its investment objective.

When the Fund purchases an option, it pays a premium and an amount equal to that premium is recorded as an asset. When the Fund writes an option, it receives a premium and an amount equal to that premium is recorded as a liability. The asset or liability is adjusted daily to reflect the current market value of the option. Holdings of the Fund designated to cover outstanding written options are noted in the Schedule of Investments. Purchased options are reported as an asset within “Investment in securities at value” in the Statement of Assets and Liabilities. Written options are reported as a liability within “Written options at value.” Changes in value of the purchased options are included in “Net change in unrealized appreciation (depreciation) on investments” in the Statements of Operations. Changes in value of written options are included in “Net change in unrealized appreciation (depreciation) on written options” in the Statements of Operations.

If an option expires unexercised, the Fund realizes a gain or loss to the extent of the premium received or paid. If an option is exercised, the premium received or paid is recorded as an adjustment to the proceeds from the sale or the cost basis of the purchase. The difference between the premium and the amount received or paid on effecting a closing purchase or sale transaction is also treated as a realized gain or loss. Gain or loss on purchased options is included in “Net realized gain (loss) on investments”

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

in the Statements of Operations. Gain or loss on written options is presented separately as “Net realized gain (loss) on written options” in the Statements of Operations.

The risk in writing call options is that the Fund gives up the opportunity for profit if the market price of the security increases and the option is exercised. The risk in writing put options is that the Fund may incur a loss if the market price of the security decreases and the option is exercised. The risk in buying options is that the Fund pays a premium whether or not the option is exercised. The use of such instruments may involve certain additional risks as a result of unanticipated movements in the market. Writers (sellers) of options are normally subject to unlimited risk of loss, as the seller will be obligated to deliver or take delivery of the security at a predetermined price which may, upon exercise of the option, be significantly different from the then-market value. However, the Fund may limit its risk of loss when writing an option by purchasing an option similar to the one that is sold, except for the fact it is further “out of the money.”

The Fund invested in derivative instruments during the period in the form of writing put/call options and buying put/call options on the S&P 500® Index. The primary risk associated with these derivative instruments is equity risk.

The following is a summary of the Fund’s options contracts as presented in the Statement of Assets and Liabilities as of November 30, 2018:

Assets: Purchased options at value	\$ 233 ⁽¹⁾
Liabilities: Written options at value	(1,242)
Net asset (liability) balance	<u>\$ (1,009)</u>

The following is a summary of the Fund’s options contracts as presented in the Statements of Operations as of November 30, 2018.

Net realized gain (loss) on purchased options	\$ (8,731) ⁽²⁾
Net realized gain (loss) on written options	(16,155)
Net change in unrealized appreciation (depreciation) on purchased options	(144) ⁽³⁾
Net change in unrealized appreciation (depreciation) on written options	<u>(442)</u>
Total realized and unrealized gain (loss) on purchased and written options	<u>\$ (25,472)</u>

⁽¹⁾ Amount included in Investment in securities at value.

⁽²⁾ Amount included in Net realized gain (loss) on investments.

⁽³⁾ Amount included in Net change in unrealized appreciation (depreciation) on investments.

For the period January 1, 2018 through November 30, 2018 (the “period”), the average daily premiums paid by the Fund for purchased options were \$565 and the average daily premiums received by the Fund for written options were \$1,125.

Note 4. Investment Advisory Fees and Other Transactions with Affiliates

A. Adviser

Virtus Investment Advisers, Inc. (the “Adviser”), an indirect wholly-owned subsidiary of Virtus Investment Partners, Inc. (“Virtus”), is the investment adviser of the Fund. The Adviser manages the Fund’s investment program and general operations of the Fund, including oversight of the Fund’s subadvisers.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

As compensation for its services to the Fund, the Adviser receives a fee at an annual rate of 0.70% of the Fund's average daily Managed Assets, which is calculated daily and paid monthly. "Managed Assets" is defined as the value of the total assets of the Fund minus the sum of all accrued liabilities of the Fund (other than the aggregate amount of any outstanding borrowings or other indebtedness, entered into for the purpose of leverage).

B. Subadvisers

Kayne Anderson Rudnick Investment Management, LLC ("KAR"), an indirect wholly-owned subsidiary of Virtus, is the subadviser of the equity portion of the Fund's portfolio, Newfleet Asset Management LLC ("Newfleet"), an indirect wholly-owned subsidiary of Virtus, is the subadviser of the fixed income portion of the Fund's portfolio and, effective October 15, 2018, Rampart Investment Management Company, LLC ("Rampart"), an indirect wholly-owned subsidiary of Virtus, is the subadviser of the Fund responsible for managing the Fund's options overlay strategy. These three subadvisers are, in the aggregate, responsible for the day-to-day portfolio management of the Fund for which they are each paid a fee by the Adviser.

C. Administration Services

(\$ reported in thousands)

Virtus Fund Services, LLC ("VFS"), an indirect wholly-owned subsidiary of Virtus, serves as administrator to the Fund. For the services provided by the administrator under the Administration Agreement, the Fund pays the administrator an asset-based fee of 0.10% per annum calculated on the Fund's average daily Managed Assets. This fee is calculated daily and paid monthly.

On September 7, 2016, the Board of the Fund approved an amendment to the Administration Agreement, pursuant to which the fee paid by the Fund increased effective September 7, 2016. For the period ended November 30, 2018, the Fund incurred administration fees totaling \$348 which are included in the Statements of Operations within the line item "Administration and accounting fees." In addition, the Board approved a new Sub-Administration and Accounting Services Agreement, whereby the Fund will accrue daily and pay a monthly asset-based fee calculated on the Fund's average daily Managed Assets. Previously, the sub-administration fee was paid directly by VFS.

However, also on September 7, 2016, VFS contractually committed, for a period of two years beginning on September 7, 2016, to waive receipt of a portion of the administration fee necessary to offset the increase in the administration fee that would have otherwise been effective on September 7, 2016. For the period ended November 30, 2018, the Fund waived administration fees totaling \$226 as reported in the Statements of Operations or 0.065% of average daily Managed Assets. The waiver contractually expired on September 7, 2018, however, the administrator extended the waiver until December 2, 2018, at which time the waiver then completely expired.

D. Directors' Fee

(\$ reported in thousands)

For the period ended November 30, 2018, the Fund incurred Directors' fees totaling \$289, which are included in the Statements of Operations within the line item "Directors' fees and expenses."

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

Note 5. Purchases and Sales of Securities

(\$ reported in thousands)

Purchases and sales of securities (excluding U.S. Government and agency securities, and short-term investments) during the period ended November 30, 2018, were as follows:

<u>Purchases</u>	<u>Sales</u>
\$149,202	\$194,501

Purchases and sales of long-term U.S. Government and agency securities during the period ended November 30, 2018, were as follows:

<u>Purchases</u>	<u>Sales</u>
\$11,533	\$17,420

Note 6. Credit Risk and Asset Concentrations

In countries with limited or developing markets, investments may present greater risks than in more developed markets and the prices of such investments may be volatile. The consequences of political, social or economic changes in these markets may have disruptive effects on the market prices of these investments and the income they generate, as well as the Fund's ability to repatriate such amounts.

High-yield/high risk securities typically entail greater price volatility and/or principal and interest rate risk. There is a greater chance that an issuer will not be able to make principal and interest payments on time. Analysis of the creditworthiness of issuers of high-yield/high risk securities may be complex, and as a result, it may be more difficult for the Adviser and/or subadviser to accurately predict risk.

The Fund may invest a high percentage of its assets in specific sectors of the market in the pursuit of its investment objective. Fluctuations in these sectors of concentration may have a greater impact on the Fund, positive or negative, than if the Fund did not concentrate its investments in such sectors.

The Fund borrows through its line of credit for the purpose of leveraging its portfolio. While leverage presents opportunities for increasing the Fund's total return, it also has the effect of potentially increasing losses. Accordingly, any event which adversely affects the value of an investment held by the Fund would be magnified to the extent the Fund is leveraged

Note 7. Borrowings

(\$ reported in thousands)

On December 14, 2018, the Fund amended its Credit Agreement (the "Agreement") with a commercial bank (the "Bank") that allows the Fund to borrow cash from the Bank, up to a limit of \$155,000. Borrowings under the Agreement are collateralized by investments of the Fund. The Agreement results in the Fund being subject to certain covenants including asset coverage and portfolio composition (among others). If the Fund fails to meet or maintain certain covenants as required under the Agreement, the Fund may be required to repay immediately, in part or in full, the loan balance outstanding under the Agreement, necessitating the sale of securities at potentially inopportune times. Interest is charged at LIBOR plus an additional percentage rate on the amount borrowed. Commitment fees are charged on the undrawn balance, if less than 75% of the Commitment Amount is outstanding as a loan to the Fund. Total commitment fees paid for the period ended November 30, 2018,

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

were \$104 and are included in the “Interest expense on borrowings” line of the Statements of Operations. The Agreement has a term that extends until the 179th day after the date that the lender delivers a “notice of termination” to the Fund. The Bank has the ability to require repayment of outstanding borrowings under the Agreement upon certain circumstances such as an event of default.

For the period ended November 30, 2018, the average daily borrowings under the Agreement and the weighted daily average interest rate were \$106,048 and 2.79%, respectively. At November 30, 2018, the amount of such outstanding borrowings was as follows:

<u>Outstanding Borrowings</u>	<u>Interest Rate</u>
\$100,000	3.20%

Note 8. Indemnifications

Under the Fund’s organizational documents, its Directors and officers are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts that provide a variety of indemnifications to other parties. The Fund’s maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund and that have not occurred. However, the Fund has not had prior claims or losses pursuant to these arrangements and expects the risk of loss to be remote.

Note 9. Capital Stock and Reinvestment Plan; Repurchase Program; Tender Offers

At November 30, 2018, the Fund had one class of common stock, par value \$0.001 per share, of which 500,000,000 shares are authorized and 24,568,076 shares are outstanding.

Registered shareholders may elect to have all distributions paid by check mailed directly to the shareholder by Computershare as dividend paying agent. Pursuant to the Automatic Reinvestment and Cash Purchase Plan (the “Plan”), shareholders not making such election will have all such amounts automatically reinvested by Computershare, as the Plan agent, in whole or fractional shares of the Fund, as the case may be. During the periods ended November 30, 2018 and December 31, 2017, 100,956 and 78,042 shares were issued, respectively and for the period ended December 31, 2016, there were no shares issued pursuant to the Plan.

Pursuant to the Board-approved stock repurchase program, the Fund may repurchase up to 20% of its outstanding shares in the open market at a discount to NAV. The Fund started its buyback of shares on April 11, 2012. During the period ended November 30, 2018 and the years ended December 31, 2017 and December 31, 2016, there were no repurchases.

On April 29, 2016, the Fund announced the commencement of a 15% tender offer (4,768,925 shares) at a price equal to 98% of the Fund’s NAV per share on the expiration date of the offer. The tender offer expired on May 26, 2016, at which time the offer was oversubscribed. The Fund purchased the maximum number of shares covered by the offer price of \$12.96 per share, which represented a price equal to 98% of the NAV per share as of the close of trading on the NYSE on May 26, 2016. As a result of the tender offer, \$61,805 (reported in thousands) was distributed to shareholders and there was an accretion of \$0.05 to the NAV per share of all the outstanding shares after the close of the tender offer.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

On November 25, 2016, the Fund announced the commencement of a 5% tender offer (1,351,195 shares) at a price equal to 98% of the Fund's NAV per share on the expiration date of the offer. The tender offer expired on December 23, 2016. The Fund purchased the maximum number of shares covered by the offer price of \$12.4950 per share, which represented a price equal to 98% of the NAV per share as of the close of trading on the NYSE on December 23, 2016. As a result of the tender offer, \$16,883 (reported in thousands) was distributed to shareholders and an accretion of \$0.01 to the NAV per share of all the outstanding shares after close of the tender offer.

On March 20, 2017, the Fund announced the commencement of a 5% tender offer (1,283,636 shares) at price equal to 98% of the Fund's NAV per share on the expiration date of the offer. The tender offer expired on June 23, 2017. The Fund purchased the maximum number of shares covered by the offer price of \$12.67 per share, which represented a price equal to 98% of the NAV per share as of the close of trading on the NYSE on June 23, 2017. As a result of the tender offer, \$16,265 (reported in thousands) was distributed to shareholders and an accretion of \$0.01 to the NAV per share of all the outstanding shares after close of the tender offer.

On December 20, 2018, the Fund paid a distribution of \$0.113 to shareholders of record on December 13, 2018. The distribution had an ex-dividend date of December 12, 2018.

On January 9, 2019, the Fund paid a distribution of \$0.113 to shareholders of record on December 31, 2018. The distribution had an ex-dividend date of January 4, 2019.

Note 10. Regulatory Matters and Litigation

From time to time, the Adviser, KAR, Newfleet, Rampart and/or their respective affiliates and/or subadvisers may be involved in litigation and arbitration as well as examinations and investigations by various regulatory bodies, including the SEC, involving compliance with, among other things, securities laws, client investment guidelines, laws governing the activities of broker-dealers and other laws and regulations affecting their products and other activities. At this time, the Adviser believes that the outcomes of such matters are not likely, either individually or in the aggregate, to be material to these financial statements.

Note 11. Federal Income Tax Information

(\$ reported in thousands)

At November 30, 2018, federal tax cost and aggregate gross unrealized appreciation (depreciation) of securities held by the Fund were as follows:

	<u>Federal Tax Cost</u>	<u>Unrealized Appreciation</u>	<u>Unrealized (Depreciation)</u>	<u>Net Unrealized Appreciation (Depreciation)</u>
Investments (including				
Purchased Options)	\$357,719	\$11,293	\$(13,197)	\$(1,904)
Written Options	(1,242)	—	—	—

For the fiscal period ended November 30, 2018, the Fund has capital loss carryovers available to offset future realized gains as follows:

<u>No Expiration</u>		
<u>Short-Term</u>	<u>Long-Term</u>	<u>Total</u>
\$9,625	\$5,794	\$15,419

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

Under the Regulated Investment Company Modernization Act of 2010 (the “Act”), net capital losses recognized for tax years beginning after December 22, 2010, may be carried forward indefinitely, and their character is retained as short-term and/or long-term losses.

Capital losses realized after October 31 and certain late year losses may be deferred and treated as occurring on the first day of the following fiscal year. For the fiscal period ended November 30, 2018, the Fund deferred and recognized qualified late-year losses as follows:

<u>Late Year Ordinary Loss Deferred</u>	<u>Late Year Ordinary Loss Recognized</u>	<u>Capital Losses Deferred</u>	<u>Capital Losses Recognized</u>
\$—	\$(16)	\$1,694	\$—

The differences between the book and tax basis components of distributable earnings relate principally to the timing of recognition of income and gains for federal income tax purposes. These differences may include the treatment of non-taxable dividends, foreign currency gain or loss, derivatives, passive foreign investment companies, partnerships, operating losses and losses deferred due to wash sales and other differences. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to capital paid in on shares of beneficial interest.

The tax character of dividends and distributions paid during the fiscal period ended November 30, 2018 and the years ended December 31, 2017 and 2016 was as follows:

	<u>Period Ended</u>		
	<u>2018</u>	<u>2017</u>	<u>2016</u>
Ordinary income	\$ 8,158	\$18,854	\$ 7,844
Long-term capital gains	—	7,966	41,885
Return of capital	19,543	7,008	—
Total	<u>\$27,701</u>	<u>\$33,828</u>	<u>\$49,729</u>

For financial reporting purposes, book basis capital accounts are adjusted to reflect the tax character of permanent book/tax differences. The reclassifications have no impact on the net assets or NAV of the Fund. As of November 30, 2018, the Fund recorded reclassifications to increase (decrease) the accounts as listed below:

<u>Capital Paid in on Shares of Beneficial Interest</u>	<u>Total Distributable Earnings (Loss)</u>
\$29	\$(29)

Note 12. Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”), ASU No. 2018-13, which changes certain fair value measurement disclosure requirements. This ASU, in addition to other modifications and additions, removes the requirement to disclose the amount and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for the timing of transfers between levels and the valuation process for Level 3 fair value measurements. For public companies, the amendments are effective for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
NOVEMBER 30, 2018

Management has evaluated the implications of certain provisions of ASU No. 2018-13 and has determined to early adopt all aspects related to the removal and modification of certain fair value measurement disclosures under the ASU effective immediately.

In March 2017, the FASB issued an ASU 2017-08, Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20), Premium Amortization on Purchased Callable Debt Securities which amends the amortization period for certain purchased callable debt securities held at a premium, shortening such period to the earliest call date. This ASU does not require any accounting change for debt securities held at a discount; the discount continues to be amortized to maturity. This ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. At this time, management is evaluating the implications of these changes on the financial statements.

Note 13. Subsequent Events

Management has evaluated the impact of all subsequent events on the Fund through the date the financial statements were available for issuance, and has determined that there are no subsequent events requiring recognition or disclosure in these financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Virtus Global Dividend & Income Fund Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Virtus Global Dividend & Income Fund Inc. (the "Fund") as of November 30, 2018, the related statements of operations and cash flows for the period ended November 30, 2018 and the year ended December 31, 2017, the statement of changes in net assets for the period ended November 30, 2018 and each of the two years in the period ended December 31, 2017, including the related notes, and the financial highlights for each of the periods indicated therein (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of November 30, 2018, the results of its operations and its cash flows for the period ended November 30, 2018 and the year ended December 31, 2017, the changes in its net assets for the period ended November 30, 2018 and each of the two years in the period ended December 31, 2017 and the financial highlights for each of the periods indicated therein in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of November 30, 2018 by correspondence with the custodian, transfer agent and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

Philadelphia, Pennsylvania
January 22, 2019

We have served as the auditor of one or more closed-end investment companies affiliated with Virtus Investment Partners, Inc. or its predecessors since at least 1990. We have not been able to determine the specific year we began serving as auditor.

VIRTUS GLOBAL DIVIDEND & INCOME FUND INC.
TAX INFORMATION (Unaudited)
NOVEMBER 30, 2018

For the fiscal period ended November 30, 2018, the Fund makes the following disclosures for federal income tax purposes. Below is listed the percentages, or the maximum amount allowable, of its ordinary income dividends ("QDI") to qualify for the lower tax rates applicable to individual shareholders, and the percentage of ordinary income dividends earned by the Fund which qualifies for the dividends received deduction ("DRD") for corporate shareholders. The actual percentage of QDI and DRD for the calendar year will be designated in year-end tax statements. The Fund designates the amount below, as long-term capital gains dividends ("LTCG") subject to a 20% rate, or lower depending on the shareholder's income (\$ reported in thousands). LTCG amount if subsequently different, will be designated in the next annual report.

<u>QDI</u>	<u>DRD</u>	<u>LTCG</u>
100%	31%	\$—

CERTIFICATION (Unaudited)

The Fund's Chief Executive Officer ("CEO") will file the required annual CEO certification regarding compliance with the NYSE's listing standards no more than 30 days after the Fund's annual shareholder meeting and the Fund also has included the certifications of the Fund's CEO and Principal Financial Officer required by Section 302 of the Sarbanes-Oxley Act in the Fund's Form N-CSR filed with the SEC for the period of this report.

KEY INFORMATION

Shareholder Relations: 1-866-270-7788

For general information and literature, as well as updates on net asset value, share price, major industry groups and other key information.

REINVESTMENT PLAN

The Automatic Reinvestment and Cash Purchase Plan (the "Plan") offers shareholders a convenient way to acquire additional shares of the Fund. Registered holders will be automatically placed in the Plan. If shares are held at a brokerage firm, contact your broker about participation in the Plan.

REPURCHASE OF SECURITIES

Notice is hereby given in accordance with Section 23(c) of the 1940 Act that the Fund may from time to time purchase its shares of common stock in the open market when Fund shares are trading at a discount from their net asset value.

PROXY VOTING INFORMATION (FORM N-PX)

The Adviser and subadvisers vote proxies relating to portfolio securities in accordance with procedures that have been approved by the Fund's Board. You may obtain a description of these procedures, along with information regarding how the Fund voted proxies during the most recent 12-month period ended June 30, free of charge, by calling toll-free 1-866-270-7788

FORM N-Q INFORMATION

The Fund files a complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. Form N-Q is available on the SEC's website at <http://www.sec.gov>. Form N-Q may be reviewed and copied at the SEC's Public Reference Room. Information on the operation of the SEC's Public Reference Room can be obtained by calling toll-free 1-800-SEC-0330.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN

Virtus Global Dividend & Income Fund Inc. (the "Fund") allows you to conveniently reinvest distributions monthly in additional Fund shares thereby enabling you to compound your returns from the Fund. By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

Enrollment in the Reinvestment Plan

It is the policy of the Fund to automatically reinvest distributions payable to shareholders. A "registered" shareholder automatically becomes a participant in the Fund's Automatic Reinvestment and Cash Purchase Plan (the "Plan"). The Plan authorizes the Fund to credit all shares of common stock to participants upon a distribution regardless of whether the shares are trading at a discount or premium to the net asset value. Registered shareholders may terminate their participation and receive distributions in cash by contacting Computershare Trust Company, N.A. (the "Plan Administrator"). The termination will become effective with the next distribution if the Plan Administrator is notified at least 7 business days prior to the distribution payment date. Registered shareholders that wish to change their distribution option from cash payment to reinvest may do so by contacting the Plan Administrator at 1-866-270-7788. In the case of banks, brokers, or other nominees which hold your shares for you as the beneficial owner, the Plan Administrator will administer the Plan based on the information provided by the bank, broker or nominee. To the extent that you wish to participate in the Plan, you should contact the broker, bank or nominee holding your shares to ensure that your account is properly represented. If necessary, you may have your shares taken out of the name of the broker, bank or nominee and register them in your own name.

How shares are purchased through the Reinvestment Plan

When a distribution is declared, nonparticipants in the plan will receive cash. Participants in the Plan will receive shares of the Fund valued as described below:

If on the payable date of the distribution, the market price of the Fund's common stock is less than the net asset value, the Plan Administrator will buy Fund shares on behalf of the Participant in the open market, on the New York Stock Exchange (NYSE) or elsewhere. The price per share will be equal to the weighted average price of all shares purchased, including commissions. Commission rates are currently \$0.02 per share, although the rate is subject to change and may vary. If, following the commencement of purchases and before the Plan Administrator has completed its purchases, the trading price equals or exceeds the most recent net asset value of the common shares, the Plan Administrator may cease purchasing shares on the open market and the Fund may issue the remaining shares at a price equal to the greater of (a) the net asset value on the last day the Plan Administrator purchased shares or (b) 95% of the market price on such day. In the case where the Plan Administrator has terminated open market purchase and the Fund has issued the remaining shares, the number of shares received by the Participant in respect of the cash distribution will be based on the weighted average of prices paid for shares purchased in the open market and the price at which the Fund issued the remaining shares. Under certain circumstances, the rules and regulations of the Securities and Exchange Commission may require limitation or temporary suspension of market purchases of shares under the Plan. The Plan Administrator will not be accountable for its inability to make a purchase during such a period.

If on the payable date of the distribution, the market price is equal to or exceeds the net asset value, Participants will be issued new shares by the Fund at the greater of the (a) the net asset value on the payable date or (b) 95% of the market price on such date.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN (Continued)

The automatic reinvestment of distributions will not relieve Participants of any income tax which may be payable on such distributions. A Participant in the Plan will be treated for federal income tax purposes, as having received on a payment date, a distribution in an amount equal to the cash the participant could have received instead of shares. If you participate in the Plan, you will receive a Form 1099-DIV concerning the Federal tax status of distributions paid during the year.

Charges to Participate in the Plan

As a Participant in the Plan you will not pay any charge to have your distributions reinvested in additional shares. The Plan Administrator's fees for handling the reinvestment of distributions will be paid by the Fund. There will be no brokerage commissions for shares issued directly by the Fund in payment of distributions. However, each Participant will pay a pro rata share of brokerage commissions incurred (currently \$0.02 per share, but may vary and is subject to change) with respect to the Plan Administrator's open market purchases in connection with the reinvestment of distributions.

Voluntary Cash Purchase Plan

Participants in the Plan have the option of making additional cash payments for investment in shares of the Fund. Such payments can be made in any amount from \$100 per payment to \$3,000 per month. The Plan Administrator will use the funds received to purchase Fund shares in the open market on the 15th of each month or the next business day if the 15th falls on a weekend or holiday (the "Investment Date"). The purchase price per share will be equal to the weighted average price of all shares purchased on the Investment Date, including commissions. There is no charge to shareholders for Cash Purchases. The plan administrator's fee will be paid by the Fund. However, each participating shareholder will pay pro rata share of brokerage commissions incurred (currently \$0.02 per share, but may vary and is subject to change) with respect to the Plan Administrator's open market purchases in connection with all cash investments. Voluntary cash payments should be sent to Computershare Trust Company, N.A., PO Box 43078, Providence, RI 02940-3078.

Participants have an unconditional right to obtain the return of any cash payment if the Plan Administrator receives written notice at least 5 business days before such payment is to be invested.

Automatic Monthly Investment

Participants in the Plan may purchase additional shares by means of an Automatic Monthly Investment of not less than \$100 nor more than \$3,000 per month by electronic funds transfer from a predesignated U.S bank account. If a Participant has already established a Plan account and wishes to initiate Automatic Monthly Investments, the Participant must complete and sign an automatic monthly investment form and return it to the Plan Administrator together with a voided check or deposit slip for the account from which funds are to be withdrawn. Automatic monthly investment forms may be obtained from the Plan Administrator by calling 1-866-270-7788.

Termination of Shares

Shareholders wishing to liquidate shares held with the Plan Administrator must do so in writing or by calling 1-866-270-7788. The Plan Administrator does not charge a fee for liquidating your shares; however, a brokerage commission of \$0.02 will be charged. This charge may vary and is subject to change.

Once terminated, you may re-enroll in the Plan (provided you still have shares registered in your name) by contacting the Plan Administrator at 1-866-270-7788.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN (Continued)

Additional Information

For more information regarding the Automatic Reinvestment and Cash Purchase Plan, please contact the Plan Administrator at 1-866-270-7788 or visit our website at Virtus.com.

The Fund reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such distribution. The Plan also may be amended or terminated by the Plan Administrator with at least 90 days' written notice to participants in the Plan.

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS BY THE BOARD OF DIRECTORS

The Board of Directors (the “Board”) of Virtus Global Dividend & Income Fund Inc. (the “Fund”) is responsible for determining whether to approve the continuation of the investment advisory agreement (the “Advisory Agreement”) between the Fund and Virtus Investment Advisers, Inc. (“VIA”) and each of the subadvisory agreements with Newfleet Asset Management, LLC (“Newfleet”), Rampart Investment Management, LLC (“Rampart”) and Kayne Anderson Rudnick Investment Management, LLC (each a “Subadviser”, and together “Subadvisers”) (the “Subadvisory Agreements”, and collectively with the Advisory Agreement, the “Agreements”). At an in-person meeting held on September 18, 2018, the Board, including a majority of the Directors who are not interested persons, as defined in the Investment Company Act of 1940, as amended (the “1940 Act”), of the Fund (the “Independent Directors”): (a) approved the transfer of subadvisory responsibilities to Rampart for managing the Fund’s options overlay strategy (“PYS”) from Newfleet for the remainder of the term of Newfleet’s Subadvisory Agreement, which, pursuant to Rule 2a-6 under the 1940 Act, did not require a shareholder vote; (b) appointed Rampart to provide investment subadvisory services to manage the Fund’s PYS; and (c) approved Rampart’s Subadvisory Agreement. At an in-person meeting held on November 13, 2018, the Board, including a majority of the Independent Directors, considered and approved the continuation of each Agreement due for renewal, as further discussed below.

In connection with the approval of the Agreements, the Board requested and evaluated information provided by VIA and the Subadvisers which, in the Board’s view, constituted information necessary for the Board to evaluate each of the Agreements. The Board also considered information furnished throughout the year at regular Board meetings with respect to the services provided by VIA and the Subadvisers, including quarterly performance reports prepared by management containing reviews of investment results and periodic presentations from each of the Subadvisers with respect to the Fund. The Board noted the affiliation of the Subadvisers with VIA and potential conflicts of interest.

The Board was separately advised by independent legal counsel throughout the process. For each Agreement, the Board considered all the criteria separately with respect to the Fund and its shareholders. The Board considered all factors that it considered relevant, including those discussed below. The Board did not identify any one factor as all-important or controlling, and each Director attributed different weights to the various factors. The Board also discussed the proposed approval of the Agreements in executive sessions with its independent legal counsel at which no representatives of VIA or the Subadvisers were present.

Nature, Extent and Quality of Services

The Directors received in advance of the meeting various data and information regarding the nature, extent and quality of the services provided under the Agreements, including responses by VIA and the Subadvisers to detailed requests submitted by independent legal counsel to the Independent Directors on their behalf. The Directors also previously had received presentations by VIA’s and each Subadviser’s senior management personnel. The responses to the information requests and the presentations included, among other things, information about the: background, experience and investment philosophy of senior management and investment personnel responsible for managing the Fund; resources, operations and compliance structure of VIA and the Subadvisers; and investment process, investment strategies, personnel, compliance procedures, and overall performance of VIA and the Subadvisers.

In considering the Agreement with VIA, the Board considered VIA’s process for supervising and managing the Subadvisers, including: (a) VIA’s ability to select and monitor the Subadvisers; (b) VIA’s ability to provide the services necessary to monitor each Subadviser’s compliance with

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS BY THE BOARD OF DIRECTORS (Continued)

the Fund's investment objectives, policies and restrictions, as well as to provide other oversight activities; and (c) VIA's ability and willingness to identify instances in which a Subadviser should be replaced and to carry out the required changes. The Directors also considered: (a) the experience and capability of VIA's management and other personnel; (b) the financial condition of VIA, and whether it had the financial wherewithal to provide a high level and quality of services to the Fund; (c) the quality of VIA's own regulatory and legal compliance policies, procedures and systems; (d) the nature, extent and quality of administrative and other services provided by VIA and its affiliates to the Fund; (e) VIA's supervision of the Fund's other service providers; and (f) VIA's risk management processes. It was noted that an affiliate of VIA serves as administrator to the Fund. The Board also took into account its knowledge of VIA's management and the quality of the performance of VIA's duties, as well as information from the Fund's Chief Compliance Officer regarding the Fund's compliance policies and procedures established pursuant to Rule 38a-1 under the 1940 Act.

With respect to the services provided by each of the Subadvisers, the Board considered information provided to the Board by the Subadvisers, including each Subadviser's Form ADV, as well as information provided throughout the past year. The Board noted that each Subadviser provided portfolio management, compliance with the Fund's investment policies and procedures, compliance with applicable securities laws and assurances thereof. The Board also noted that VIA's and each Subadviser's management of the Fund must be carried out in accordance with the Fund's investment objectives, policies and restrictions. The Board considered each Subadviser's portfolio management services, including: (a) the scope of its operations; (b) its portfolio management capabilities; (c) the breadth and depth of its management, investment and research personnel; and (d) the various support services that it provides to the Fund. The Board considered the investment management process and strategies employed by each Subadviser, and experience and capability of each Subadviser's management and other personnel committed by each Subadviser to the Fund. The Board also considered: (a) the quality of each Subadviser's regulatory and legal compliance policies, procedures and systems; and (b) each Subadviser's brokerage and trading practices, including with respect to best execution and soft dollars. The Board also took into account each Subadviser's risk assessment and monitoring process. The Board noted each Subadviser's regulatory history, including the fact that no Subadviser was currently involved in any regulatory actions, investigations or material litigation.

Investment Performance

The Board considered performance reports and discussions at Board meetings throughout the year, as well as a report (the "Broadridge Report") for the Fund prepared by Broadridge Financial Solutions, Inc., an independent third party provider of investment company data, furnished in connection with the contract renewal process. The Broadridge Report presented the Fund's performance relative to a peer group of other closed-end funds (the "Performance Universe") and relevant indexes, as selected by Broadridge. The Board also considered performance information presented by management and took into account management's discussion of the same, including the effect of market conditions on the Fund's performance. The Board noted that it also reviews on a quarterly basis detailed information about both the Fund's performance results and portfolio composition, as well as each Subadviser's investment strategies. The Board noted VIA's expertise and resources in monitoring the performance, investment style and risk-adjusted performance of each Subadviser. The Board also took into account its discussions with management regarding factors that contributed to the performance of the Fund.

The Board considered that the Fund's performance for the year-to-date and 1-, 3-, 5- and 10-year periods ended June 30, 2018 was below the median of the Performance Universe for

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS BY THE BOARD OF DIRECTORS (Continued)

the same periods. The Board also considered that the Fund underperformed its benchmark for all periods ended June 30, 2018. The Directors discussed the Fund's underperformance and the reasons therefor among themselves and with management. The Directors noted that PYS was a source of considerable underperformance relative to the Fund's peer group and benchmark, and discussed with management plans for increased management focus on ways to improve the Fund's performance.

Management Fees and Total Expenses

The Board considered the fees charged to the Fund for advisory services as well as the total expense levels of the Fund. This information included comparisons of the Fund's net management fee and total expense level to those of its peer group (the "Expense Group"). In comparing the Fund's net management fee to that of comparable funds, the Board noted that such fee includes both advisory and administrative fees. The Board also noted that the subadvisory fees were paid by VIA out of its management fees rather than paid separately by the Fund. In this regard, the Board took into account management's discussion with respect to the advisory/subadvisory fee structure, including the amount of the advisory fee retained by VIA after payment of the subadvisory fees. The Directors also considered the fee rates payable by accounts and funds managed by each of the Subadvisers.

In addition to the foregoing, the Board considered, among other data, the information set forth below with respect to the Fund's fees and expenses. The Board took into account management's discussion of the Fund's expenses, including the type and size of the Fund relative to the other funds in its Expense Group.

The Board noted that the Fund's contractual management fees were equal to the median of the Expense Group, and that the Fund's actual total expenses were above the median of the Expense Group.

Profitability

The Board also considered certain information relating to profitability that had been provided by VIA. In this regard, the Board considered information regarding the overall profitability of VIA for its management of the Fund, as well as its profits and those of its affiliates for managing and providing other services to the Fund, such as administrative services provided to the Fund by a VIA affiliate. In addition to the fees paid to VIA and its affiliates, including each of the Subadvisers, the Board considered other benefits derived by VIA or its affiliates from their relationship with the Fund. The Board reviewed the methodology used to allocate costs to the Fund, taking into account the fact that allocation methodologies are inherently subjective and various allocation methodologies may each be reasonable while producing different results. The Board concluded that the profitability to VIA and its affiliates from the Fund was within a reasonable range in light of the quality of the services rendered to the Fund by VIA and its affiliates, and other factors considered.

In considering the profitability to each Subadviser in connection with its relationship to the Fund, the Board noted that the fees payable under the Subadvisory Agreements are paid by VIA out of the fees that VIA receives under the Advisory Agreement, and not by the Fund. In considering the fees payable by VIA to each of the Subadvisers, the Board noted that, because each Subadviser is an affiliate of VIA, its profitability might be directly or indirectly shared by VIA and, therefore, the Board considered the profitability of VIA and the Subadvisers together. For each of the above reasons, the Board concluded that the profitability to each of the Subadvisers and their affiliates from their relationship with the Fund was not a material factor in approval of the Subadvisory Agreements.

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS BY THE BOARD OF DIRECTORS (Continued)

Economies of Scale

The Board considered the extent to which economies of scale would be realized as the Fund's assets grow, and whether the fee levels reflect these economies of scale for the benefit of Fund shareholders. The Board noted that economies of scale may develop for certain funds as their assets increase and their fixed fund-level expenses decline as a percentage of assets, but that closed-end funds such as the Fund typically do not have the ability to increase substantially their asset base as do open-end funds.

The Board also considered the advisory fee rate in relation to the current asset size of the Fund, and whether any economies of scale exist at that size. The Board concluded that, given the Fund's closed-end structure, no changes to the Fund's advisory and subadvisory fee structure were necessary or advisable at this time. The Board agreed that it would be appropriate to monitor this matter in the event that the assets of the Fund were to increase substantially via a secondary or rights offering, capital appreciation, reinvested dividends, the use of leverage or some other means.

Other Factors

The Board considered information regarding potential "fallout" or ancillary benefits that may be realized by VIA, the Subadvisers and their respective affiliates as a result of their relationships with the Fund. The Board noted that an affiliate of VIA provides administrative services to the Fund. The Board noted management's discussion of the fact that, while each Subadviser is an affiliate of VIA, there are no other direct benefits received by the Subadvisers in providing investment advisory services to the Fund, other than the fee earned under the Subadvisory Agreements.

The Directors concluded that potential "fallout" benefits that VIA and the Subadvisers may receive, such as greater name recognition or increased ability to obtain research and brokerage services, as applicable, may, in some cases, benefit the Fund.

Conclusion

After considering all factors that it considered relevant, the Board, including a majority of the Independent Directors, approved the Agreements with respect to the Fund.

FUND MANAGEMENT TABLES

Information pertaining to the Directors and Officers of the Company as of the date of the issuance of this report is set forth below.

The address of each individual, unless otherwise noted, is c/o Virtus Global Dividend & Income Fund Inc., One Financial Plaza, Hartford, CT 06103.

Disinterested Directors
