transportation industries. The fixed income portion utilizes a time-tested approach of active sector rotation, extensive credit research and disciplined risk management designed to capitalize on opportunities across undervalued areas of the fixed income markets. The fund also pursues an options income strategy whereby it purchases and sells out-of-the money puts and calls, creating an options spread.

Virtus Investment Advisers has been the investment adviser to the fund and Duff & Phelps Investment Management Co. and Newfleet Asset Management have been subadvisers since September 7, 2016. Performance and characteristics prior to that date were attained by the previous adviser using a different investment strategy.

### Fund Risks

An investment in the fund is subject to risk. The fund's shares may be worth less than what an investor paid for them when they are sold. The options strategy may not be successful in its objective of increasing distributable income while limiting the risk of loss and could result in increased losses for investors.
