INVESTMENT OPPORTUNITY

This fund seeks to offer investors exposure to European market economies through well-established companies.

The securities selected for inclusion in the fund are, in the opinion of the subadviser, well-managed businesses with consistent operating histories and financial performance that have favorable long-term economic prospects, and in most cases, generate free cash flow.

Over full market cycles, the investment style is designed with the dual objectives of capturing part of the up market cycles and protecting principal in down market cycles.

Effective May 8, 2017 this fund changed its name from the Virtus Greater European Opportunities Fund.
