Important Information

- Redemptions from Class C shares may be assessed a contingent deferred sales charge (CDSC), if the shares are redeemed within one year of the purchase trade date.
- A redemption from one share class and a purchase in another, such as Class A shares to Class C shares, may not be in the best interest of the shareholder(s) due to the differences in sales charge structures and may not be processed.
- Purchases into Class I, P and R6 Shares, as well as Institutional and Administrative Class Shares, must meet the minimum investment requirements. Please refer to the fund prospectus for additional information.
- Other requirements or restrictions may apply. Please refer to the fund prospectus prior to making your investment decisions.

Please be sure that you fully understand your choices before completing this form. Information about the classes of shares offered, sales charges, breakpoints and discounts may be located in the fund prospectus, the Statement of Additional Information in the section entitled "How to Buy Shares" and on our website.

If the request is received in good order prior to 4:00PM Eastern Time, the transactions will be processed at that night's closing price. Otherwise, the transactions will be processed at the next day's closing price, once received in good order.
