\*Represents years of industry experience.

### Investment Philosophy

We believe that purchasing high-quality businesses with competitive protections at attractive valuations will achieve excess returns over a complete market cycle

### Investment Objectives

- To achieve a return meaningfully above that of the Russell 2000® Growth Index
- To achieve this return objective with a portfolio that exhibits lower overall risk characteristics

## Examples of High-Quality Business Models

*The securities presented on this page are chosen based upon objective criteria. Companies are chosen to exemplify diversification. We typically select companies that operate in large, vast industries, but have overwhelming market share for their particular niches. All information is provided for informational purposes only and should not be deemed as a recommendation to purchase the securities mentioned. It should not be assumed that securities recommended in the future will be profitable. A complete list of portfolio holdings and specific security transactions for the preceding 12 months is available upon request. Holdings are subject to change. Individual investors' holdings may differ slightly.*

# Investment Process Overview

## A Business Analyst Approach

---

Kayne Anderson Rudnick  
Investment Management

## We source our investment universe in a number of ways

### Quantitative Screens

- High return on capital over a full economic cycle
- Long and resilient earnings history
- High return on net operating assets
- Minimal debt

### Other Resources

- Research on existing portfolio holdings
- Meetings with companies
- Industry reviews
- Investment conferences
- Third-party research

Research analysts and portfolio managers work together to develop in-depth business knowledge

#### Qualitative Analysis

**Purpose:** Determine if competitive advantage exists and evaluate its strength.

- Review regulatory filings, company materials, industry data, and third party research
- Conduct comprehensive interviews with management; contact other relevant parties
- Understand basis of competition within industry
- Assess competitive threats and obsolescence risk: What protects the business?

#### Financial Analysis

**Purpose:** Evaluate source, level, and sustainability of economic profitability.

- Seek: High and resilient return on capital
- Seek: Persistent earning power
- Seek: Abundant discretionary cash flow
- Seek: Under-levered balance sheet
- Assess management's capital allocation practices; favor high insider ownership

#### Valuation Analysis

**Purpose:** Estimate total return over several year period; compare to other opportunities considering varying levels of certainty

- Consider economic earning power in relation to enterprise value
- Mispricing can be created by:  
Underfollowed company, investors' over-reaction to short-term challenges, improved competitive position not yet recognized

### Investment Guidelines

<b>Position Weights</b>	<ul style="list-style-type: none"><li>• 20-35 holdings</li><li>• Typically 3%-4%</li><li>• Maximum weight 10% (at market)</li></ul>
<b>Sector Tolerances</b>	<ul style="list-style-type: none"><li>• Typically +/- 10% of the Russell 2000® Growth Index, utilizing Russell sector classifications</li></ul>
<b>Holding Period</b>	<ul style="list-style-type: none"><li>• Typically 3-to-5 years, but is often longer</li><li>• Portfolio turnover typically 25% to 35%</li></ul>
<b>Cash Levels</b>	<ul style="list-style-type: none"><li>• Typically will not exceed 10% once a portfolio is fully invested</li></ul>

### Sell Discipline

<b>Extended Valuation</b>	<ul style="list-style-type: none"> <li>• Significant premium to intrinsic value</li> <li>• Expected annual return insufficient</li> </ul>
<b>Portfolio Upgrade</b>	<ul style="list-style-type: none"> <li>• Better business</li> <li>• Better price</li> </ul>
<b>Diversification Requirements</b>	<ul style="list-style-type: none"> <li>• Rebalance within sector parameters</li> </ul>
<b>Acquisition Activity</b>	<ul style="list-style-type: none"> <li>• Our holding acquired at an attractive premium</li> <li>• Our holding acquires a company diminishing its business or value</li> </ul>
<b>Negative Company or Industry Changes</b>	<ul style="list-style-type: none"> <li>• Position review research report written for any of the following conditions:             <ul style="list-style-type: none"> <li>- Stock price declines 20% or more in a short time period absent a broad market decline</li> <li>- Validity deteriorates for one or more of the reasons for purchase</li> <li>- Credit-quality profile deteriorates</li> </ul> </li> <li>• Quality parameters reviewed by the Chief Investment Officer with the Portfolio Managers</li> </ul>

# 4 | Investment Process

## Risk Management & Portfolio Monitoring

Kayne Anderson Rudnick  
Investment Management

### Risk Management

<b>Investment Philosophy</b>	<ul style="list-style-type: none"><li>• Focus on “high-quality” companies</li><li>• Company’s “business risk” is primary risk control factor</li></ul>
<b>Portfolio Level Controls</b>	<ul style="list-style-type: none"><li>• Economic sector weights managed to typically within a maximum 10% variance to benchmark</li><li>• Individual security weights initiated at 2% to 5% of portfolio</li></ul>
<b>Position Reviews</b>	<ul style="list-style-type: none"><li>• “Position Review” report when a portfolio holding declines 20% absent a broad market decline</li><li>• Re-validate reasons for original purchase or sell position</li></ul>
<b>Trading Guidelines</b>	<ul style="list-style-type: none"><li>• Guidelines provided by Portfolio Managers when entering and exiting portfolio holdings</li><li>• Limit on trading activities as a percentage of daily trading volume, typically no more than 20%</li></ul>

### Portfolio Monitoring

<b>Risk and Compliance Committee</b>	<ul style="list-style-type: none"><li>• Meets quarterly to independently evaluate portfolio risk exposures with findings presented to the Chief Investment Officer</li></ul>
<b>CIO/PM Meetings</b>	<ul style="list-style-type: none"><li>• Provides a forum for the Chief Investment Officer and the Portfolio Managers to review, discuss, and explain each strategy’s portfolio positioning and its performance</li></ul>
<b>Research Meetings</b>	<ul style="list-style-type: none"><li>• Provides a forum to discuss and evaluate portfolio holdings and overall industry trends</li></ul>
<b>Performance Analytics and Portfolio Attribution</b>	<ul style="list-style-type: none"><li>• Allows Portfolio Managers to quantify investment decisions and understand drivers of return and risk characteristics</li></ul>

# Peer Comparison

## Small Cap Sustainable Growth Portfolio

### Ten Years Ending December 31, 2017

Kayne Anderson Rudnick  
Investment Management

KAR Small Cap Sustainable Growth
  Russell 2000<sup>®</sup> Growth Index
  Small Cap Growth Universe

***This material is deemed supplemental and complements the performance and disclosure at the end of this presentation.***

*The Small Cap Growth Universe includes all managers categorized in the small cap growth asset class by eVestment.*

*Returns for the Kayne Anderson Rudnick composite are preliminary and are gross of fees unless otherwise specified. For further details on the composite, please see the disclosure statement in this presentation. Data is obtained from FactSet Research Systems and is assumed to be reliable. Past performance is no guarantee of future results. Management fees are described in Part II of our form ADV, which is available upon request. Gross annual returns will be reduced by investment management fees and other expenses that may be incurred in the management of the account. Net annual returns have been calculated after the deduction of an assumed maximum annual fee of 3%. The effect on performance would grow at a compounded rate. Over a five-year period, if a \$250,000 portfolio had an annual return of 10%, it would grow to \$402,628. The net compounded effect of a 3% annual investment management fee would total \$51,990 and result in a portfolio value of \$350,638.*

\*January 1, 1998

**This material is deemed supplemental and complements the performance and disclosure at the end of this presentation.**

Returns for the Kayne Anderson Rudnick composite are preliminary. All periods less than one year are total returns and are not annualized. For further details on the composite, please see the disclosure statement in this presentation. Data is obtained from FactSet Research Systems and is assumed to be reliable. Numbers may not always add up due to rounding. Past performance is no guarantee of future results.

**IMPORTANT RISK CONSIDERATIONS: Equity Securities:** The market price of equity securities may be adversely affected by financial market, industry, or issuer specific events. Focus on a particular style or on small or medium-sized companies may enhance that risk. **Limited Number of Investments:** Because the fund has a limited number of securities, it may be more susceptible to factors adversely affecting its securities than a less concentrated fund. **Industry/Sector Concentration:** A fund that focuses its investments in a particular industry or sector will be more sensitive to conditions that affect that industry or sector than a non-concentrated fund.

# Biographies

## Small Cap Sustainable Growth Team

Kayne Anderson Rudnick  
Investment Management

**Douglas S. Foreman, CFA**

*Chief Investment Officer and Member of the Executive Management Committee*

Mr. Foreman has approximately 31 years of investment experience. Before joining Kayne Anderson Rudnick in 2011, Mr. Foreman was Director of Equities at HighMark Capital Management and before that he was Group Managing Director and Chief Investment Officer of U.S. equities at Trust Company of the West (TCW). He earned a B.S. in Marine Engineering from The U.S. Naval Academy and an M.B.A. with a concentration in Finance from Harvard University. Mr. Foreman is a Chartered Financial Analyst charterholder.

**Todd Beiley, CFA**

*Portfolio Manager and Senior Research Analyst with primary research responsibilities for the small and mid-capitalization financials and producer-durables sectors*

Before joining Kayne Anderson Rudnick in 2002, Mr. Beiley worked as an Associate Analyst in equity research at Prudential Securities and before that was an Equity Research Associate at RNC Capital Management. # Disclosure

## Small Cap Sustainable Growth Portfolio

Kayne Anderson Rudnick  
Investment Management

Kayne Anderson Rudnick Investment Management, LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS® standards. Kayne Anderson Rudnick Investment Management, LLC has been independently verified for the period from January 1, 1999 through December 31, 2016.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS® standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS® standards. The Small Cap Sustainable Growth Wrap Composite has been examined for the period from January 1, 1999 through December 31, 2016. The verification and performance examination reports are available upon request.

Kayne Anderson Rudnick Investment Management, LLC, a wholly owned subsidiary of Virtus Investment Partners, Inc., is a registered investment advisor under the Investment Advisers Act of 1940. Registration of an Investment Advisor does not imply any level of skill or training. Kayne Anderson Rudnick Investment Management, LLC manages a variety of equity and fixed-income strategies focusing exclusively on securities the firm defines as high quality.

The composite includes all fully discretionary Small Cap Sustainable Growth Wrap Portfolios. Small Cap Sustainable Growth Wrap Portfolios are invested in equity securities with market capitalizations in line with the Russell 2000® Growth Index, that have market control, rising free cash flow, shareholder-oriented management, strong consistent profit growth and low-debt balance sheets. For comparison purposes, the composite is measured against the Russell 2000® Growth Index. The Russell 2000® Growth Index is a market capitalization-weighted index of growth-oriented stocks of the 2,000 smallest companies in the Russell Universe, which comprises the 3,000 largest U.S. companies. The index is calculated on a total-return basis with dividends reinvested. Benchmark returns are not covered by the report of the independent verifiers. The composite was created in July 2003. A list of composite descriptions and policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.

Beginning on January 1, 2006, sub-advisory wrap fee portfolios are also included in composite results. Each sub-advisory relationship is included in the composite as one account. Prior to January 1, 2011, accounts that experienced a significant cash flow, defined as aggregate flows that exceeded 25% of the account's beginning of period market value, were temporarily removed from the composite. Prior to December 31, 2010, the composite minimum was \$100,000.

The standard wrap fee schedule in effect is 3.00% on total assets. Actual management fees charged may vary depending on applicable fee schedules and portfolio size, among other things. Additional information may be found in Part IIA of Form ADV, which is available on request. The performance information is supplied for reference. Past performance is no guarantee of future results. Results will vary among accounts. The U.S. dollar is the currency used to express performance. Performance results include the reinvestment of all income. Pure gross returns do not reflect the deduction of any expenses, including trading costs. Prior to December 31, 2005, net annual returns are calculated by deducting 1/4th of an assumed maximum annual wrap fee of 3% on a quarterly basis. Beginning January 1, 2006, net annual returns are calculated using actual fees incurred. If no fee data is provided by wrap sponsors, the maximum annual wrap fee of 3% is used to calculate net of fee performance. Beginning January 1, 2016, net annual returns are calculated by deducting 1/12th of an assumed maximum annual wrap fee of 3% on a monthly basis. Wrap fees include all charges for trading costs, portfolio management, custody and other administrative expenses.

Internal dispersion is calculated using the asset-weighted standard deviation of annual gross returns for accounts in the composite for the entire year. For those years when less than five accounts were included for the full year, no dispersion measure is presented. The three-year annualized ex-post standard deviation measures the variability of the composite (using gross returns) and the benchmark for the 36-month period is presented starting December 31, 2012, because prior to January 1, 2010, the composite return was calculated quarterly and 36 monthly returns are not available.

3-Yr Annualized Standard Deviation (%)			Total Firm Assets (\$ millions)	Total Composite Assets (\$ millions)	Wrap Accounts as % of Composite Assets	Accounts at Year End	Pure Gross Annual Return (%)*	Net Annual Return (%)	Russell 2000® Growth Index Annual Return (%)	Internal Dispersion
December 31	Composite	Benchmark								
2012	15.36	21.01	5,392	147	100%	9	(0.61)	(2.14)	7.05	0.20
2013	11.96	17.52	3,445	74	100%	12	(33.73)	(34.93)	(38.54)	0.99
2014	11.97	14.02	4,010	77	100%	13	39.32	36.77	34.47	1.11
2015	13.80	15.16	4,729	63	100%	12	15.44	13.07	29.09	0.55
2016	14.67	16.91	5,232	12	100%	13	18.59	15.50	(2.91)	1.04
			6,545	31	100%	32	12.38	10.05	14.59	0.98
