The investments for the Series are managed by the same portfolio manager(s) who manage one or more other funds that have similar names, investment objectives and investment styles as the Series. You should be aware that the Series is likely to differ from the other mutual funds in size, cash flow pattern and tax matters. Accordingly, the holdings and performance of the Series can be expected to vary from those of the other mutual funds.

Shares of the separate Series of Virtus Variable Insurance Trust are sold only through the currently effective prospectuses and are not available to the general public. Shares of the VIT Series may be purchased only by life insurance companies to be used with their separate accounts which fund variable annuity and variable life insurance policies or qualified retirement plans and are also available as an underlying investment fund for certain qualified retirement plans. The performance information for the Series does not reflect fees and expenses of the insurance companies. Returns do not reflect the deduction of any separate account or variable contract changes. If such fees and expenses were deducted, performance would be lower.

Performance data for more than one year is average annual total return and reflects the change in share price and the reinvestment of all dividends. Performance of one year and less is not annualized.

Please carefully consider the investment objectives, risks, charges, and expenses of the Series before investing.
