Shareholder Letter (unaudited)

January 31, 2017

Dear Reaves Utilities ETF Shareholder:

I am pleased to present the semi-annual report for the Reaves Utilities ETF (NASDAQ: UTES), a series within the ETFis Series Trust I. UTES is an actively-managed ETF offering exposure to equity securities of companies in the utility sector.

The report provides financial statements and portfolio information for the Fund from August 1, 2016 through January 31, 2017. The report also contains commentary from the Fund's subadviser, Reaves Asset Management, on how the Fund performed relative to the markets in which it invests.

On behalf of the investment professionals at Reaves Asset Management, I thank you for your investment. For more information about the Fund, including daily portfolio updates, please visit the Fund's website, www.ReavesETFs.com. If you have any questions, please contact your financial advisor, or call 1-888-383-0553.

Sincerely,

William Smalley
President
ETFis Series Trust I

This material must be accompanied or preceded by the prospectus.

Shareholder Expense Examples (unaudited)

As a shareholder of the Fund, you incur ongoing costs, including advisory fees and other fund expenses, if any. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in the Fund and to compare these costs with the ongoing costs of investing in other funds. The examples are based on an investment of \$1,000 invested at the beginning of the period and held throughout the entire period (August 1, 2016 to January 31, 2017).

Actual expenses

The first line under the Fund in the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under the Fund in the table provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under the Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	<u>Beginning Account Value 08/01/16</u>	<u>Ending Account Value 1/31/17</u>	<u>Annualized Expense Ratios for the Period⁽²⁾</u>	<u>Expenses Paid During Period⁽²⁾</u>
Reaves Utilities ETF				
Actual	\$1,000	\$ 957.60	0.95%	\$4.69
Hypothetical ⁽¹⁾	\$1,000	\$1,020.42	0.95%	\$4.84

(1) Assuming 5% return before expenses.

(2) Expenses are calculated using the Fund’s annualized ratio, multiplied by the average account value for the period, multiplied by 184/365 (to reflect the six-month period).

1. ORGANIZATION

ETFis Series Trust I (the “Trust”) was organized as a Delaware statutory trust on September 20, 2012 and is registered with the Securities and Exchange Commission (the “SEC”) as an open-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”). Reaves Utilities ETF (the “Fund”), a separate investment portfolio of the Trust, is presented herein. The Fund is classified as a non-diversified series of the Trust. The offering of shares is registered under the Securities Act of 1933, as amended (the “Securities Act”).

The Fund commenced operations on September 23, 2015.

The Fund’s investment objective is to seek to provide total return through a combination of capital appreciation and income.

2. SIGNIFICANT ACCOUNTING POLICIES

The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 Financial Services — Investment Companies. Each Fund prepares its financial statements in accordance with generally accepted accounting principles (“GAAP”) in the United States of America and follows the significant accounting policies described below.

Use of Estimates

Management makes certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

Indemnification

In the normal course of business, the Fund may enter into contracts that contain a variety of representations which provide general indemnifications for certain liabilities. The Fund’s maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

Security Valuation

Security holdings traded on a national securities exchange are valued based on their last sale price. Price information on listed securities is taken from the exchange where the security is primarily traded. Securities regularly traded in an over the counter market are valued at the latest quoted sale price in such market or in the case of the New York Stock Exchange (“NYSE”) or NASDAQ, at the NYSE or NASDAQ Official Closing Price. If market quotations are not readily available, or if it is determined that a quotation of a security does not represent fair value, then the security is valued at fair value as determined in good faith using procedures adopted by the Trust’s Board of Trustees (the “Board”).

Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

Fair Value Measurement

Accounting Standards Codification, Fair Value Measurements and Disclosures (“ASC 820”) defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and requires disclosure about fair value measurements. It also provides guidance on determining when there has been a significant decrease in the volume and level of activity for an asset or liability, when a transaction is not orderly, and how that information must be incorporated into fair value measurement. Under ASC 820, various inputs are used in determining the value of the Fund’s investments. These inputs are summarized in the following hierarchy:

- Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 — Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar securities, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 — Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

January 31, 2017 (unaudited)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following summarizes inputs used as of January 31, 2017 in valuing the Fund's assets carried at fair value:

Assets**Level 1**

Common Stocks	\$13,050,907
Money Market Fund	493,022

Level 2	—
--------------------------	---

Level 3	—
--------------------------	---

Total	<u>\$13,543,929</u>
-----------------	---------------------

For significant movements between levels within the fair value hierarchy, the Fund adopted a policy of recognizing transfers at the end of the period. There were no significant transfers between levels during the period ended January 31, 2017.

A reconciliation of assets in which Level 3 inputs are used in determining fair value is presented when there are significant Level 3 investments at the end of the period. There were no Level 3 securities as of January 31, 2016.

Security Transactions

Security transactions are accounted for on the trade date. Realized gains and losses on sales of investment securities are calculated using specific identification.

Investment Income and Expenses

Dividend income is recognized on the ex-dividend date. Expenses and interest income are recognized on the accrual basis.

The Fund pays all of its expenses not assumed by Reaves Asset Management, LLC (the "Sub-Adviser"), or Virtus ETF Advisers LLC (the "Adviser"). General Trust expenses that are allocated among and charged to the assets of the Fund and other series of the Trust are done so on a basis that the Board deems fair and equitable, which may be on a basis of relative net assets of the Fund and other series of the Trust or the nature of the services performed and relative applicability to the Fund and other series of the Trust.

Distributions to Shareholders

Distributions are recorded by the Fund on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations that may differ from GAAP in the United States of America.

3. INVESTMENT MANAGEMENT AGREEMENT, RELATED PARTIES AND OTHER AGREEMENTS**Investment Advisory Agreement**

The Trust has entered into an Investment Advisory Agreement (the "Advisory Agreement") with the Adviser, a wholly owned subsidiary of ETFis Holdings LLC, on behalf of the Fund. ETFis Holdings LLC is majority-owned by Virtus Investment Partners, Inc. (Ticker: VRTS) (together with its affiliates, "Virtus"). Pursuant to the Advisory Agreement, the Adviser has overall supervisory responsibility for the general management and investment of the Fund's securities portfolios. For its services on the Fund, the Adviser is entitled to receive a fee, payable monthly, at an annual rate of 0.075% of the Fund's average daily net assets, subject to a minimum annual fee of \$25,000, paid by the Sub-Adviser as described below.

The Advisory Agreement may be terminated on behalf of the Fund with the approval of the Fund's Board or by a vote of the majority of the Fund's shareholders and on behalf of the Adviser, upon not less than 30 day's written notice.

Sub-Advisory Agreement

The Sub-Adviser provides investment advice and management services to the Fund. Pursuant to an investment sub-advisory agreement among the Trust, the Sub-Adviser and the Adviser, the Sub-Adviser fee is entitled to receive a fee, payable monthly, at an annual rate of 0.95% of the average daily net assets. The Sub-Adviser has agreed to pay all expenses of the Fund, except the Sub-Adviser's fee, brokerage expenses, acquired fund fees and expenses, taxes, interest, litigation and arbitration expenses, payments under any 12b-1 plan adopted by the Fund, and other extraordinary expenses of the Fund.

Principal Underwriter

Pursuant to the terms of a Distribution Agreement with the Trust, ETF Distributors LLC (the “Distributor”) serves as the Fund’s principal underwriter. The Distributor receives compensation for the statutory underwriting services it provides to the Funds. The Distributor will not distribute shares in less than Creation Units (as hereinafter defined), and does not maintain a secondary market in shares. The shares are expected to be traded in the secondary market in shares. The Distributor is a wholly-owned subsidiary of Virtus.

The Fund does not pay directly for the services it receives from the Distributor, but rather the Fund’s Sub-Adviser has agreed to pay the Distributor’s fees under the Sub-Adviser’s unified fee arrangements with the Fund.

Distribution and Service (12b-1 Plan)

The Board of Trustees has adopted a distribution and service plan, where the Fund is authorized to pay an amount up to 0.25% of its average daily net assets each year to finance activities primarily intended to result in the sale of Creation Units of the Fund or the provision of investor services. No 12b-1 fees are currently paid by the Fund and there are no current plans to impose these fees.

Operational Administrator

Virtus ETF Solutions LLC (the “Administrator”) serves as the Fund’s operational administrator. The Administrator supervises the overall administration of the Trust and the Fund including, among other responsibilities, the coordination and day-to-day oversight of the Fund’s operations, the service providers’ communications with the Fund and each other and assistance with Trust, Board and contractual matters related to the Fund. The Administrator also provides persons satisfactory to the Board to serve as officers of the Trust. The Administrator is a wholly-owned subsidiary of Virtus.

Accounting Services Administrator, Custodian and Transfer Agent

BNY Mellon provides administrative, accounting, tax and financial reporting for the maintenance and operations of the Trust as the Fund’s accounting services administrator. BNY Mellon also serves as the custodian for the Fund’s assets, and serves as transfer agent and dividend paying agent for the Fund.

4. CREATION AND REDEMPTION TRANSACTIONS

The Fund issues and redeems shares on a continuous basis at Net Asset Value (“NAV”) in groups of 50,000 shares called “Creation Units.” Creation Units of the Fund are issued and redeemed generally in exchange for specified securities held by the Fund and a specified cash payment.

Only “Authorized Participants” who have entered into contractual arrangements with the Distributor may purchase or redeem shares directly from the Fund. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors will not qualify as Authorized Participants or have the resources to buy and sell whole Creation Units. Therefore, they will be unable to purchase or redeem the shares directly from the Fund. Rather, most retail investors will purchase shares in the secondary market with the assistance of a broker and will be subject to customary brokerage commissions or fees.

5. FEDERAL INCOME TAX

The Fund intends to qualify as a “regulated investment company” under Sub-chapter M of the Internal Revenue Code of 1986, as amended, by distributing substantially all of its net investment income and net capital gains to shareholders. *Accounting for Uncertainty in Income Taxes* as issued by the Financial Accounting Standards Board provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements, and requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund’s tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Interest and penalty related to income taxes would be recorded as income tax expense. Management of the Fund is required to analyze all open tax years (2016), as defined by IRS statute of limitations, for all major jurisdictions, including federal tax authorities and certain state tax authorities. As of January 31, 2017, the Fund did not have a liability for any unrecognized tax benefits. The Fund has no examinations in progress and is not aware of any tax positions for which it is reasonably possible that the amounts of unrecognized tax benefits will significantly change in the next twelve months.

The Fund recognizes interest accrued related to unrecognized tax benefits and penalties as income tax expense. For the period ended January 31, 2017, the Fund had no accrued penalties or interest.

Notes to Financial Statements (continued)

January 31, 2017 (unaudited)

The adjusted cost basis of investments and gross unrealized appreciation and depreciation of investments for federal income tax purposes were as follows:

<u>Federal Tax Cost of Investments</u>	<u>Gross Unrealized Appreciation</u>	<u>Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation (Depreciation)</u>
\$12,897,286	\$720,570	\$(73,927)	\$646,643

6. INVESTMENT TRANSACTIONS

Purchases and sales of investments (excluding short-term investments) for the period ended January 31, 2017 were as follows:

<u>Cost of Purchases</u>	<u>Sales</u>	<u>Purchases In-Kind</u>	<u>Sales In-Kind</u>
\$2,061,500	\$2,726,184	\$3,003,165	\$1,423,450

7. INVESTMENT RISKS

As with any investment, an investment in the Fund could result in a loss or the performance of the Fund could be inferior to that of other investments. An investor should consider the Fund's investment objectives, risks, and charges and expenses carefully before investing. The Fund's prospectus and statement of additional information contain this and other important information.

8. ASSET CONCENTRATION RISK

The Fund may invest a high percentage of its assets in Utility Sector Companies in the pursuit of its investment objectives. Fluctuations in this sector of concentration may have a greater impact on the Fund, positive or negative, than if the Fund did not concentrate its investments in such sector.

9. 10% SHAREHOLDERS

As of January 31, 2017, the Fund had individual shareholder account(s) and/or omnibus shareholder account(s) (comprised of a group of individual shareholders), which individually amounted to more than 10% of the total shares outstanding of the Fund as detailed below:

<u>% of Shares Outstanding</u>	<u>Number of Accounts</u>
77	4

10. NEW ACCOUNTING PRONOUNCEMENT

On October 13, 2016 the Securities and Exchange Commission amended existing rules intended to modernize reporting and disclosure of information. These amendments relate to Regulation S-X which sets forth the form and content of financial statements. At this time, management is evaluating the implications of adopting these amendments and their impact on the financial statements and accompanying notes.

11. SUBSEQUENT EVENTS

The Fund paid the following per share distributions after January 31, 2017:

<u>Ordinary Income</u>	<u>Ex-Date</u>
\$0.12	3/20/2017

The Fund is required to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed as of the date of the Statement of Assets and Liabilities. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Fund is required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. Management has evaluated subsequent events through the issuance of these financial statements and has determined that, except as set forth above, there are no material events that would require disclosure.
